Science Of Being And Art

The full content is Science of Being, Art of Living, Life and Fulfillment – which are the four sections of the book. First published in 1963, the content sounds modern. Maharishi has a clear lucid conversational style. The first section is metaphysical, and the other three sections are everyday including some humour.

Nursing is as much of an art as it is a science. And a successful nurse cannot have one without the other, embodying both in tandem. When applied together, the art and science of nursing is a force to be reckoned with in healthcare. It's what makes nurses so effective, and it's what makes all the difference to the patients in their care.

The critical role of a nurse: Bridging the gap between art ...

Management is considered as art and science. The art of managing begins where Science of managing stops to make management complete. Like any other practice-whether engineering, accountancy, law or medicine; Management is an art. The artistic application of management know-how is evident.
